**Re: Serial No. 09/925,497****United States of America Patent Application****in the name of Hsiang Min Wu****Date Filed: August 10, 2001****Group Art Unit: 2673**

Dear Sir/Madam,

I refer to your letter of July 23, 2002 concerning the above-mentioned application.

I am astounded that it will take more than 15 months for my application to be examined, particularly in light of the fact that I have already been waiting almost two years. This length of time seems unreasonable, and moreover, is potentially detrimental to my interests in using this invention.

I am therefore requesting that my application be given attention as soon as possible.

I thank you for your assistance, and look forward to your reply.

Yours truly,

Hsiang Min Wu  
Inventor
